How to calculate “Total Amount Due” (use the table below):

	Assessor Parcel Number (APN)	RSO	SCEP	Total Amount Due
A	Number of units on the property			
B	Less: Number of units to be exempted Complete Temporary Exemption (EC) and/or RSO/SCEP request Form	-	-	
C	Number of units to be paid	=	=	
D	Regular fee	x \$24.51/unit	x \$43.32/unit	
E	Total	+	=	

Step 1: Determine the “*Number of units on the property*” (row A). This is the total units on the property subject to RENT (RSO) and/or SCEP, regardless of whether they are rented or not.

Step 2: Determine the “*Number of units to be exempted*” or “*Number of non-rented units*” (row B). If none, write 0.
Note: The “*Number of units to be exempted*” (row B) cannot be more than “*Number of units billed*” (row A). If any of the units are not rented for the billing year, please fill out the Annual Temporary Exemption Request on the front of the Registration/Exemption Application to request temporary exemptions. See below for a list of temporary exemption types. To request other exemption types, please review the [RSO/SCEP Form](#) and complete as appropriate.
Failure to submit Registration/Exemption Application Form within 45 days of the Sale Date will result in fees being due and payable for the exempted units.

Step 3: Subtract the “*Number of units to be exempted*” (row B) from the “*Number of units billed*” (row A). This will be the “*Number of units to be paid*” (row C) for the year.

Step 4: Calculate the “*Total*” (row E) for RSO and/or SCEP by multiplying “*Number of units to be paid*” (row C) by the “*Regular fee*” (row D).

Step 5: Calculate the “*Total Amount Due*” by adding the “*Total*” (row E) on RSO and/or SCEP.

Note: **After registering your property for the current year, payment will be due at the end of February every year. Payments received after this due date will be assessed delinquent fees.**
